

So, you need some SEO, eh? Well, research has shown that most web users will only click on the first five (5) web results they see. Search Engine Optimization (SEO) is a **must** for any website that wants to be competitive in the search market and helps your web property rise to the top of the search engine results.

Our **RocketSEO** solution includes the following:

1. HTML Code Optimization

- Meta Tag - Title optimization
- Meta Tag - Description optimization
- Meta Tag – Keywords optimization
- Content and On-Page Keyword suggestions.
- Spider software instructions (Robot.txt)
- Site Map (sitemap.html)

2. SEO for 1 to 5 keywords

- Search engine ranking report before keyword optimization
- Search engine ranking report after keyword optimization at 3, 6 and 12 months.

3. Search Engine Submission

Yahoo, Bing, and Google plus over 45 other minor search engines.
Plus submission to 4 human edited web directories.

4. 3 Search Engine Recharge Submissions

(Additional submissions on request discounted at \$14.95 per submission run, report included)
